

## Help Us Help Others

Your story may be similar to someone else's who is where you were not long ago. By sharing your story, with progress, improvements, changes, and/or challenges, it may encourage to follow a similar path as you toward better health. So, please take a few moments to share your experience with us, and future patients. Thank you for your trust in us, and your time.

Here are a few suggestions, of things to address. You do not need to address all of them, or any of them, if you choose, they are just here to help you get started:

- How did you hear about our office?
- What problem, concern, need brought you here?
- What changes, improvements, progress did you see in your initial complaint and/or other areas of life and health?
- What have you learned about health and chiropractic since starting care?
- Who have you or will you refer to chiropractic?

Again, thank you for your time.

Yours in health,

Damian Artho, D.C.
